dec8de (pronounced: decade) is one of the Chicago area's premier cover bands, paying homage to the first wave of alternative music: classic hits featured on early MTV, MTV's 120 Minutes, Sirius/XM radio's popular 1st Wave channel, and all your favorite 80's and John Hughes movie soundtracks.

Delivering an enthusiastic and energetic show, **dec8de** delivers these songs true to their original form while incorporating their own personal touch and style. The band draws their set from synth-based and guitar driven bands that helped define the genres known as 'Alternative', 'Post Modern', 'New-Wave' and 'Brit-Pop' music.

dec8de have performed on stages throughout Chicagoland as well as across the Midwest consistently delivering solid crowd pleasing performances and leaving audiences wanting more (*see our recommendations and feedback*).

Playing a wide variety of 80's Alternative, New Wave and Brit-Pop favorites from artists like Billy Idol, The Clash, DEVO, The Cure, The Police, New Order, Depeche Mode, R.E.M., Duran Duran, U2, Oasis, Tears for Fears, The Psychedelic Furs and many more (*see our ever evolving song list*), **dec8de** delivers *the* Classic Alternative experience.
